Target Market

Lexar® PLAY PRO microSDXC™ Express Card

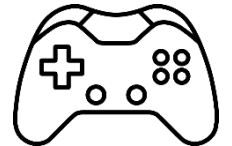

The Lexar® PLAY PRO microSDXC™ Express Card gives gamers an epic performance power-up with up to 900MB/s read and 600MB/s write¹ and capacity up to 1TB offers space for many AAA games.

Pro-level performance in a microSD card

- Revolutionary performance is 4x faster than typical UHS-I microSD cards
- PCIe technology delivers read speeds up to 900MB/s so the game loads faster¹
- Write speed up to 600MB/s¹ deliver accelerated download speeds when paired with the Lexar microSD Express card reader.
- Level-up your handheld gaming experience with next-gen tech
- 1TB microSD Express card offers more space for your favorite games
- Backwards-compatible with UHS-I and UHS-II (at UHS-I speeds) host devices, future-proofed for microSD Express devices
- Includes a limited lifetime warranty² and lifetime access to the Lexar Recovery Tool for peace of mind

¹Speeds based on internal testing. Actual performance may vary. Maximum speeds reached only when used with a microSD Express host device.

²Limited lifetime warranty is limited to 10 years from purchase in Germany and regions not recognizing lifetime warranty.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.

Power up Your Play

With up to 900MB/s read and 600MB/s write¹, the Lexar® PLAY PRO microSDXC™ Express Card gives gamers an epic performance power-up. With capacity up to 1TB, it also offers space for many AAA games and comes with a limited lifetime warranty.² Plus, it's backwards-compatible with UHS-I host devices for added convenience.

Revolutionary Performance

Thanks to its next-gen tech of PCIe and NVMe interface technologies that deliver up to 900MB/s read speed,¹ the PLAY PRO microSDXC™ Express Card is a stunning 4x faster than typical UHS-I microSD cards – meaning that games load faster and also ensuring a smooth, lag-free experience.

Cut Your Download Times

The PLAY PRO microSDXC™ Express Card also delivers 600MB/s write¹ speeds when paired with the Lexar microSD Express card reader so you can download a AAA game in less time than it'll take you to order a pizza!

¹Speeds based on internal testing. Actual performance may vary. Maximum speeds reached only when used with a microSD Express host device.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory. Actual usable memory capacity may vary. 1GB equals 1 billion bytes.

Massive Capacity up to 1TB

Some of your favorite games are probably pretty big in file size. Well, with up to 1TB capacity, juggling games just got easier. You can fit many games on a 1TB card.

Good for Today, Great for Tomorrow

The PLAY PRO microSDX™ Express Card is backwards-compatible with UHS-I and UHS-II host devices (at UHS-I speeds) so you can use it with your current handheld gaming consoles – and it's ideal for the microSD Express devices coming soon.

*Speeds based on internal testing. Actual performance may vary. Maximum speeds reached only when used with a microSD Express host device.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory. Actual usable memory capacity may vary. 1GB equals 1 billion bytes.

Protection Built in

The PLAY PRO microSD Express card is IPX7 waterproof, wearproof, temperature-proof, x-ray-proof, vibration-resistant, magnetic-proof, shockproof, and drop-proof.³

Peace of Mind Extras

This card undergoes strict testing in the Lexar Quality Lab and we're so confident in it that it comes with a limited lifetime warranty. Plus we offer lifetime access to the Lexar Recovery Tool which you can use to restore accidentally deleted and formatted files.

³Temperature resistance: Operation -25°C to 85°C, Storage -40°C to 85°C.
Waterproof: IPX7, 1m deep water for 30min.
X-ray protection: up to 100mGy (equivalent to airport X-ray machine exposure)
Anti-vibration: 10-2000Hz
Anti-Magnetic: 15000Gauss
Shock resistance: 1500G shock
Drop protection: 1.5m drop
Wearout resistance: up to 10,000 times of plugging and unplugging

Specification

Product	Lexar® PLAY PRO microSDXC™ Express Card
Capacity	256GB – 1TB
Performance	up to 900MB/s read, 600MB/s write ¹
Interface	microSD Express
Speed Class	U3
Software	Lexar Recovery Tool
Warranty	Lifetime limited warranty

Global Version

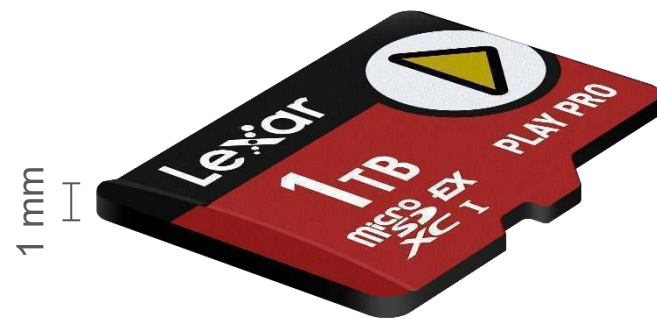

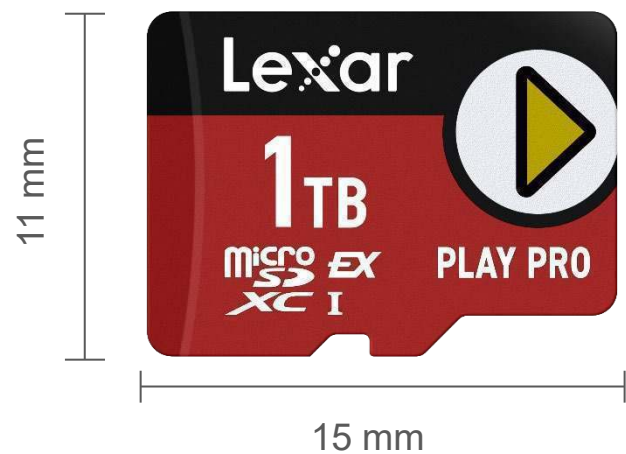

¹Speeds based on internal testing. Actual performance may vary. Maximum speeds reached only when used with a microSD Express host device.

Product appearance, performance, software offerings, and packaging may vary depending on ship date and available inventory.
Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
