Foldable TV ceiling and roof bracket "MOTION 7"

for 20 kg weight, tiltable, swivelling, rotatable

The SCHWAIGER® TV ceiling and roof bracket is designed for the mounting of a flat screen. The wall bracket can be tilted forwards, rotated axially and swivelled to the right or left. The strength of the joints can be easily adjusted. Thanks to the integrated

folding mechanism, the wall bracket is also ideal for mounting under the cabinet, as it can be folded at any time to save space, so that no space is permanently lost.
