WORKSTATION

A real heavyweight you can
still easily take anywhere,
indoors and outdoors.

» **PERFECTPRO®**
WORKSTATION

WWW.PERFECTPRO.EU

Versatile audio equipment you can use anywhere.

CALL SPEAKER

A built-in microphone allows you to turn your radio into a call speaker – convenient for when you need to take a call but don't want to interrupt your work.

AUX IN

Need a break from radio? All you need is a basic audio cable to connect any device with a headphone jack and play it on your PerfectPro radio.

POWERBANK

Our radios are equipped with strong batteries which can double as power banks with 5V/1.2A output. Connect the phone to the USB port and it will be charged in no time.

BLUETOOTH

Transform your radio into a high-quality Bluetooth speaker and listen to your own audio thanks to the Bluetooth interface. You can play anything from your computer or phone directly on your radio.

USB

Download your favourite playlists to a USB stick and play them directly on your radio. This means no fiddling around with phones or other devices when you simply want to listen to your favourite playlists.

DAB+

The genuine 21st-century digital radio, as clear as a bell and as user-friendly as it gets. If there's no coverage, you can simply switch to trusty old FM.

FM RADIO

FM RADIO

FM radio is here to stay! Whereas DAB+ radio reception can be tricky in large buildings or remote areas, there's always good old FM to back you up. Problem solved – as all our radios have FM capabilities.

Lasts an entire
workday on the
optional universal
NiMH batteries.
