- Short compact Stubby screwdriver for working in confined spaces
- Lasertip screwdriver with long blade
- Ergonomic 2-component Kraftform handle for precise work
- Hexagonal anti-roll feature against rolling away
- Take it easy tool finder: colour coding according to profile and size

Application-specific mixture of workshop screwdrivers with normal long blade and especially small Stubby screwdrivers with short blade for hard to reach areas. The 2-component Kraftform handle with its practical combination of hard and soft zones allows for a firm grip and precise working. The blades have all the benefits of the Wera Bit technology. Special surface treatment of the blades for high corrosion protection and an optimum fit in the screw head. The hexagon anti-roll protection prevents annoying rolling away of bits in the workplace.

Compact shape

With its compact handle shape and the short blade, the Kraftform Stubbies are particularly suitable for working in confined screwdriving situations.

Tangible ergonomics

The 2-component Kraftform handle allows high power transmission due to the non-slip, softer grip areas and high working speeds due to the hard grip areas, which allow a quick hand switch.

Long life

The special surface treatment of the blades sees to a high level of corrosion protection and optimum fitting accuracy of the screw.

Lasertip prevents slipping out

It happens time and time again that the tip slips out of the screw head when screwdriving, sometimes damaging valuable surfaces or even causing injury. The tips of the Wera Lasertip screwdrivers are microscopically roughened by means of a laser. This rough surface literally "bites" itself firmly into the screw head. Slipping out becomes a thing of the past.

"Take it easy" Tool Finder

Screwdrivers with "Take it easy" tool finder: colour coding according to profile and size stamp.

Non-roll feature

The hexagonal non-roll feature prevents any rolling away at the workplace.

With useful plastic rack

Including useful rack for well-arranged storage of the screwdrivers.
