

# POWER ADAPTER W30AC

Fast Charger

## Technical information

|                                      |                                                                                                                                                                      |
|--------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Colour:                              | black, white                                                                                                                                                         |
| Surface:                             | plastic                                                                                                                                                              |
| Input connector:                     | EU connector                                                                                                                                                         |
| Input voltage:                       | 100 - 240 V                                                                                                                                                          |
| Input alternating current frequency: | 50 / 60 Hz                                                                                                                                                           |
| Connections:                         | USB-A, USB-C                                                                                                                                                         |
| Output:                              | supports (downwards compatible)<br>PD 3.0, PPS und QC 4.0                                                                                                            |
|                                      | USB-A:<br>5.0 V/DC 3.0 A, max. 15.0 W<br>9.0 V/DC 2.0 A, max. 18.0 W<br>12.0 V/DC 1.5 A, max. 18.0 W                                                                 |
|                                      | USB-C:<br>5.0 V/DC 3.0 A, max. 15.0 W<br>9.0 V/DC 3.0 A, max. 27.0 W<br>12.0 V/DC 2.5 A, max. 30.0 W<br>15.0 V/DC 2.0 A, max. 30.0 W<br>20.0 V/DC 1.5 A, max. 30.0 W |
|                                      | PPS:<br>3.3 – 11.0 V/DC 2.75 A, max. 30.0 W<br>3.3 – 16.0 V/DC 1.75 A, max. 30.0 W                                                                                   |
|                                      | USB-A + USB-C:<br>5.0 V/DC 3.0 A, max. 15.0 W<br>Total: max. 15.0 W (shared)                                                                                         |
| Average efficiency:                  | 87.19 %                                                                                                                                                              |
| Efficiency at low load (10 %):       | 75.86 %                                                                                                                                                              |

|                               |                 |
|-------------------------------|-----------------|
| Power consumption at no load: | <0.15 W         |
| Dimensions:                   | 80 x 41 x 26 mm |
| Weight:                       | 58.0 g          |
| Packing unit:                 | 2 pcs           |

## Product data

| Colour | Article no | EAN             |
|--------|------------|-----------------|
