

Delock HDMI 4K EDID Emulator for Surround Sound

Description

This EDID emulator by Delock **emulates a monitor** so that the signal source does not switch off the signal or change the resolution, even if no monitor is connected. The adapter contains a standard **EDID/DDC data set** for 4K video resolution.

Supports 2.0, 5.1 and 7.1 audio formats

As a special feature, EDID data is provided for all common surround audio formats so that there are no restrictions on **sound output via HDMI**.

Item no. 64325

EAN: 4043619643257

Country of origin: China

Package: Retail Box

Technical details

- Connectors:
