

Screen Protector Privacy Glass for iPhone 16 / Tempered-Glass Anti Spy 4 Ways privacy protection with easy installation tool

Description

This screen protector glass for the iPhone 16 by Delock offers optimal protection and discreet privacy. Made of high-quality tempered glass, this protective glass screen protector reliably protects your display from prying eyes and scratches, preserving the integrity of your iPhone screen. Whether on public transport, in a café or in the office - the Delock film ensures that your personal information remains visible only to you.

Easy installation

The practical installation frame makes applying the film effortless and precise. The frame ensures that the protective film is optimally positioned without the risk of crooked application or annoying bubbles. The precisely fitting shape ensures a clear view without restricting the touch function, while side views are effectively blocked. This preserves the elegant appearance of your iPhone.

Advanced technology against scratches and fingerprints

Our advanced adhesive technology minimizes annoying bubbles and prevents residue. The robust glass not only protects against scratches and fingerprints, but also offers a durable, resistant solution for everyday use. Due to the precise fit, all cameras and sensors are freely accessible and can be used without restriction.

Note

Not compatible with iPhone 16e / 16 Plus / 16 Pro / 16 Pro Max.

Technical details

- Suitable for iPhone 16 (6.1 inch)
- Protective glass type: 2.5D tempered glass
- Degree of hardness: 9H
- Thickness: ca. 0.33 mm
- 4-way privacy protection

Item no. 81281

EAN: 4043619812813

Country of origin: China

Package: White Box

- Viewing angle: 30° to 45°
- Touch sensitivity: 100 % touch compatible
- Anti-scratch and impact protection
- Shatter protection
- Fingerprint protection
