

Delock RGB Connection Cable 3 pin for 5 V RGB / ARGB LED illumination 30 cm

Description

This **RGB cable** by Delock can be used on different motherboards e.g. Gigabyte, MSI or ASRock to connect an **LED lighting**. The 3 pin female port allows the cable to be connected to the standard 3 pin pin header for the addressable RGBs. The arrow on the female port indicates the correct insertion direction. This cable is mainly used in the **gaming or case modding area**.

Note

The cable is only suitable for the 5 V LED illumination.
