

InLine® iPad Security Case Stand with Security Lock and Key 2m

* Preise inkl. gesetzlicher MwSt. zzgl. Versandkosten

Marke: INL

Bestell-Nr.: 55725

The flexible security support for the iPad. This security case/stand for iPad (generation 1, 2, and the new iPad), iPad Air 1, iPad Air 2 is ideal for presentations, exhibitions, shop exhibition space and wherever your iPad has something to show, but not want to be stolen. Besides the practical handling with 7 horizontal angles and a vertical position, this stand can be connected with a cable lock, so the iPad is also protected from theft. The safety lock, given with two keys, fits into an opening of the bracket back, and prevent the opening and theft of the iPad. The mount itself has more openings to operate the iPad, the camera, volume and standby button and still be used. A foam rubber inside the bracket prevents slipping the iPad.

- iPad security case/stand with theft protection for presentation
- Suitable for iPad 1, iPad 2 and the new iPad (3. and 4. Generation), iPad Air 1, iPad Air 2
