* Preise inkl. gesetzlicher MwSt. zzgl. Versandkosten

Marke: INL

Bestell-Nr.: 57831I

This video splitter allows you to connect up to 4 HDMI displays to a DisplayPort connector on the PC. The display can be cloned or extended, so the same image on each of the 4 monitors or a simple video wall (1x4 or 2x2), where the display is distributed to the monitors side by side. In the connection of 2 these Splitters to a PC with 2 DisplayPort outputs, even a video wall with 2x4 monitors are supported

- Input: 1x DisplayPort connector
- Output: 4x HDMI socket
- supports the display in the cloning and expansion mode, supports DisplayPort 1.2 MST and SST mode
- with power supply 5VDC / 2A
- Plug and play, no additional software needed
- Maximum resolution 1920x1080 or 3840x2160 in expansion mode
- Max: 1920x1080 can be displayed on up to 4 monitors if the item works as a splitter, ie on each screen is the same screen. At 4 monitors the splinter in Expand View mode, resolution 3840x2160 display (real 1920x1080 per monitor), or 4 monitors side by side even 7680x1080

Note: To use the video wall function, you need graphics cards with AMD Eyefinity or Nvidia Surround. Intel Collage is not supported.
