* Preise inkl. gesetzlicher MwSt. zzgl. Versandkosten

Marke: INL

Bestell-Nr.: 17033V

- High Speed HDMI Cable with Ethernet (network)
- Gold-plated HDMI contacts and shell
- Twisted - pair construction for best shielding internally
- Transmits HD video and audio-only signals
- HDMI Ethernet Channel: Adds highspeed networking in addition to an HDMI connection so that users can use the full advantage of their IP-enabled devices without a separate Netzwerk cables are required (if the devices support HDMI with Ethernet)
- Audio Return Channel: Allows an HDMI-connected TV with a built-in TV tuner audio data by "upstream" to send to a surround audio system, whereby a separate audio cable is no longer needed
- 3D Over HDMI: Defines input and output protocols for major 3D video formats , paving the way for true 3D gaming and 3D home theater applications.
- 4K x 2K Video Support: Enables video resolutions far beyond 1080p, supporting next-generation displays
- Additional Color Spaces : support for additional color models used in digital photography and computer graphics
- for the following applications: HDTV, PC/notebook, XBOX, Playstation, Blu-ray DVD/HD-DVD, Projector, etc.
- Compatible with all previous HDMI cable standards
- black cable, moulded plug
- One side of HDMI plug is angled
