

Alphacool EPDM Tube 13/10 - Black 1m (3,28ft) Retailbox

Alphacool article number: 18662

Quick Info

The EPDM tube from Alphacool's Enterprise Solutions series is characterised by its high resistance to acids, alkalis and external influences and has exceptional longevity compared to conventional PVC tubes. The matt black hose with its discreet velvet look will quickly become an eye-catcher in any water-cooled PC.

- Durable & temperature resistant
- Dimensionally stable with tight bending radii
- Excellent pliability & flexibility

Scope of delivery

1x Alphacool EPDM Tube 13/10, schwarz, 1m (3,28ft) Retailbox

Technical data

Length	1m
Material tube	Ethylene propylene diene rubber (EPDM, without talc)
Color	matt black
Tube size	Ø outside 13 mm / Ø inside 10 mm (tolerances according to DIN ISO 33-02-1 E1)
Hardness grade	80° (± 5°) Shore A
Working temperature	-35° C bis +120° C

Download links

Product pictures	18662_Alphacool_EPDM_Tube_13-10_-_Black_1m_(3,28ft)_Retailbox_pics.zip
------------------	--

Packaging dimensions per unit

L x W x H	262 x 262 x 20 mm
Weight	143 g

Other data

Certificates	CE, FC, RoHS
EAN	4250197186629
Customs code	39173200900

Article text

The EPDM tube from Alphacool's Enterprise Solutions series is characterised by its high resistance to acids, alkalis and external influences and has exceptional longevity compared to conventional PVC tubes. The matt black hose with its discreet velvet look will quickly become an eye-catcher in any water-cooled PC.

What is the advantage of EPDM?

Compared to commercially available PVC tubing, the EPDM tube from Alphacool is significantly more temperature resistant and enables working temperatures far above 100 °C. Even at higher water temperatures, the EPDM Tube remains dimensionally stable and prevents the hose from warping at points with tighter bending radii or connections. The risk of the water loop leaking or the water flow being obstructed is thus eliminated. The high resistance to external influences makes the Alphacool EPDM tube extremely durable and long-lasting.

Mounting

The Alphacool EPDM tube is slightly more dimensionally stable compared to a PVC tube. Nevertheless, it has an excellent pliability as well as flexibility for an effortless assembly even with tighter bending radii.

Fittings

The EPDM tube can be used with all tube fittings (in the appropriate size) from the Alphacool Eiszapfen or HF series.
