Superspeed USB 3.0

SATA III (6G) with UASP

FANTEC DB-F35U3

The FANTEC DB-F35U3 is an aluminum hard drive housing for an internal 8.89cm (3.5") SATA I/II/III hard drive with the new UASP standard. Due to the simple and quick installation and Plug & Play you can use the hard drive within a second. The USB 3.0 allows you to transfer your data really fast with a maximum of 5 Gbit/s. The black aluminum housing and the grid front provide the ideal safety for your data when on the road and a passive cooling for the hard drives.

Spezifikationen
