

WATERPROOF TRACKERS READY FOR ANY ROUTE

All the great features of the acclaimed FMx1 series devices are now available with IP67 certified casing – as an expansion of waterproof FMx2 series trackers.

IP67 casing with a two-phase closing ensures both a reliable protection and ease of use, which means that tracking in harsh conditions is possible now!

	TECHNOLOGY	DIN	DOUT	RS232/RS485	CAN DATA
FMB225	2G	1	1	•	
FMB230	2G	3	3		
FMB240	2G	3	2		•
FMC225	4G	2	1	•	
FMC230	4G	3	3		
FMM230	CAT M1	3	3		

Since all our new devices are dust tight and protected against the effects of a temporary immersion in water, each of them can be mounted inside and outside of a vehicle without worries that high pressured water, mud or dusty environment will impact their operation or performance quality.

Now not only **standard** but also **U-type** cable is available, which guarantees an easy and fast installation of all-new IP67 certified tracking devices.
