

IP-3

The IP-3 is a passive CPU cooler for AMD® and Intel® CPUs with a maximum TDP of up to 70W, suitable for IP-40 and IP-60 cases.

The waste heat from the CPU is efficiently transferred to the respective housing and its built-in cooling fins via the copper thermal pad and the three built-in nickel plated copper heat pipes, so that the cooling can do without any active fan elements.

The heatpipes are flexible and can be bent very easily so that they can be adapted to the specific conditions of the installed motherboard.

- ✓ Copper thermal pad
- ✓ Three nickel plated copper heat pipes
- ✓ Supports CPUs with a TDP of up to 70W
- ✓ Including thermal paste

Specifications

Sockets	Intel® socket 1150, 1151, 1155, 1156, 1200, 1700 AMD®* socket FM1, FM2, AM2, AM2+, AM3, AM3+, AM4
Net dimensions (H/W/D)	12/165/100mm
Package dimensions (H/W/D)	50/175/240mm
Weight (net)	155g
Weight (gross)	360g
Packing units (VE/VPE/PAL)	1/42/504
Warranty	24 Months
Article number	88885576
EAN-Code	4260455647625
Scope of delivery	Mounting bracket for AMD Thermal paste including spatula Thermal paste for case drains Screw set including screwable pins Replacement heat pipe Copper cooling plate Three nickel plated copper heatpipes Supports CPUs with a TDP of up to 70W
Features	

*AMD only if the CPU mounting frame is removable
