

MRCS241

MediaRange USB Extension Cable, USB-A Plug to USB-A Socket, USB 3.0, 5 GB/s Data Transfer Rate, 5m, Black

Seamless Connectivity for Every Setup

MediaRange offers a comprehensive selection of high-quality cables and converters, designed to meet the needs of both professional and everyday users. Whether you're looking for a reliable adapter, a converter or durable connectivity accessories, our products ensure seamless integration and performance.

From office workstations to home entertainment systems, our cables and converters provide clear, stable signal conversion, support resolutions up to 3.840 x 2.160 @ 60 Hz, and they are ready for immediate use thanks to Plug & Play. Experience smooth video and Audio output and dependable performance for all your display needs.

Reliable USB 3.2 Gen 1 Extension for High-Speed Data Transfer

Our USB 3.2 Gen 1 Extension Cable is the perfect solution for extending the reach of your USB peripherals without compromising speed or performance. Designed for smooth and secure data transmission, this cable supports transfer rates of up to 5 GB/s—ideal for external storage devices, input peripherals, and more.

Featuring a USB-A plug to USB-A socket design, this 5-meter black cable offers the reach and flexibility you need in both home and professional environments. Gold-plated contacts ensure durable, high-quality connections. Simply plug in and enjoy compatibility with Windows, macOS, and Linux.

Whether for home entertainment or professional use, this USB extension cable offers fast, reliable connectivity.
