

MRCS242

MediaRange Active USB Extension Cable, USB-A Plug to USB-A Socket, 1x Repeater, USB 3.0, 5 Gbps Data Transfer Rate, 5m, Black

Seamless Connectivity for Every Setup

MediaRange offers a comprehensive selection of high-quality cables and converters, designed to meet the needs of both professional and everyday users. Whether you're looking for a reliable adapter, a converter or durable connectivity accessories, our products ensure seamless integration and performance.

From office workstations to home entertainment systems, our cables and converters provide clear, stable signal conversion, support resolutions up to 3.840 x 2.160 @ 60 Hz, and they are ready for immediate use thanks to Plug & Play. Experience smooth video and Audio output and dependable performance for all your display needs.

Reliable USB Extension with Active Repeater for Consistent Performance

Our active USB 3.2 Gen 1 extension cable with one built-in repeater is the ideal solution for stable and fast USB connections over medium distances. With a transfer rate of up to 5 Gbps and a length of 5 meters, this cable is perfect for office environments, home use, or studio setups.

Equipped with a USB Type-A plug and a USB Type-A socket, the cable ensures secure data transfer without signal loss. Gold-plated contacts provide enhanced conductivity and long-lasting durability, while the black outer jacket offers a sleek, professional appearance.

Fully compatible with Windows, macOS, and Linux systems—no drivers required.

Key Features:

- **High-Speed Performance:** Supports USB 3.2 Gen 1 with up to 5 Gbps transfer rate
- **Active Signal Boosting:** Integrated repeater for stable, mid-range transmission
- **Plug & Play:** No drivers needed; works with Windows, macOS, and Linux
- **Durable Build:** Gold-plated connectors and robust 5m cable
- **Versatile Application:** Suitable for desktops, multimedia setups, and home offices
