

SILVERSTONE

## FARA Series

# FARA H1M PRO

## Stylish and distinct Micro-ATX gaming chassis with ARGB lighting

- Equipped with three 120mm ARGB fans and ARGB controller
- Steel honeycomb mesh design provides superior air intake volume to cool internal components
- Precisely designed interior provides sufficient space for most graphics card and multiple cooling options
- Removable drive cage allows flexibility in PSU size and cable management space
- I/O ports includes 1 x USB 3.0, 2 x USB 2.0, 1 x Audio and 1 x MIC
- Removable filters at the front and top makes cleaning out dust a breeze

| Limitation of PSU            | 160mm with 3.5" cage installed                              |                                                      |
|                              | 250mm without 3.5" cage installed                           |                                                      |
| Dimension                    | 210mm (W) x 392mm (H) x 366mm (D), 30.13 liters             |                                                      |
|                              | 8.27" (W), x 15.43" (H), x 14.4" (D), 30.13 liters          |                                                      |

### Great aesthetics, tremendous airflow

Lightly tinted tempered glass side panel with steel honeycomb front panel intake design for increased airflow. No need to sacrifice performance for aesthetics

# SILVERSTONE

## Substantial compatibility beyond expectations

Micro-ATX, Mini-DTX, Mini-ITX

Length: 320mm without front fan installed  
Width: 160mm

160mm

Standard PS2 (ATX)

## Substantial compatibility fulfilling large storage requirements

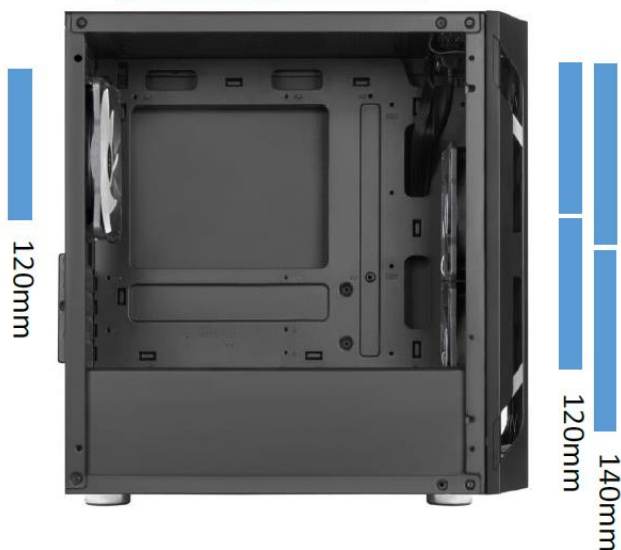

3.5" x2

2.5" x2

### FAN

120mm
