

KIDS WATCH «JONDY»

KW-44

Kids Watch

"Jondy" KW-44

The Canyon Jondy smartwatch is almost like a small 4G cell phone. It is so lightweight and fits perfectly on your kid's wrist.

Safety was our top priority in the design of this product. These smartwatches feature a front-facing camera for taking selfies. Additionally, with 4G and VoLTE support, they enable two-way phone calls functionality. It can receive text messages and has an anti-spam phone book. We added a GPS module so that you can track the device, thanks to the Canyon Life APP. In the unlikely case of an emergency, there's a designated SOS button.

This device will be handy for its little user and is going to save you a lot of worries. Your child will love seven pre-installed games, an audio player, and a photo album. There are some basic necessities, too – alarm and pedometer.

Now let's see the numbers: the battery is 700mAh, 512Mb of storage is at your disposal, and all this is IP67 waterproof.

Pretty good for your kid's first smartwatch!

Big battery capacity

GPS/Glonass positioning

IP67 waterproof

SOS button

Phone calls

Music player

7 games

VoLTE

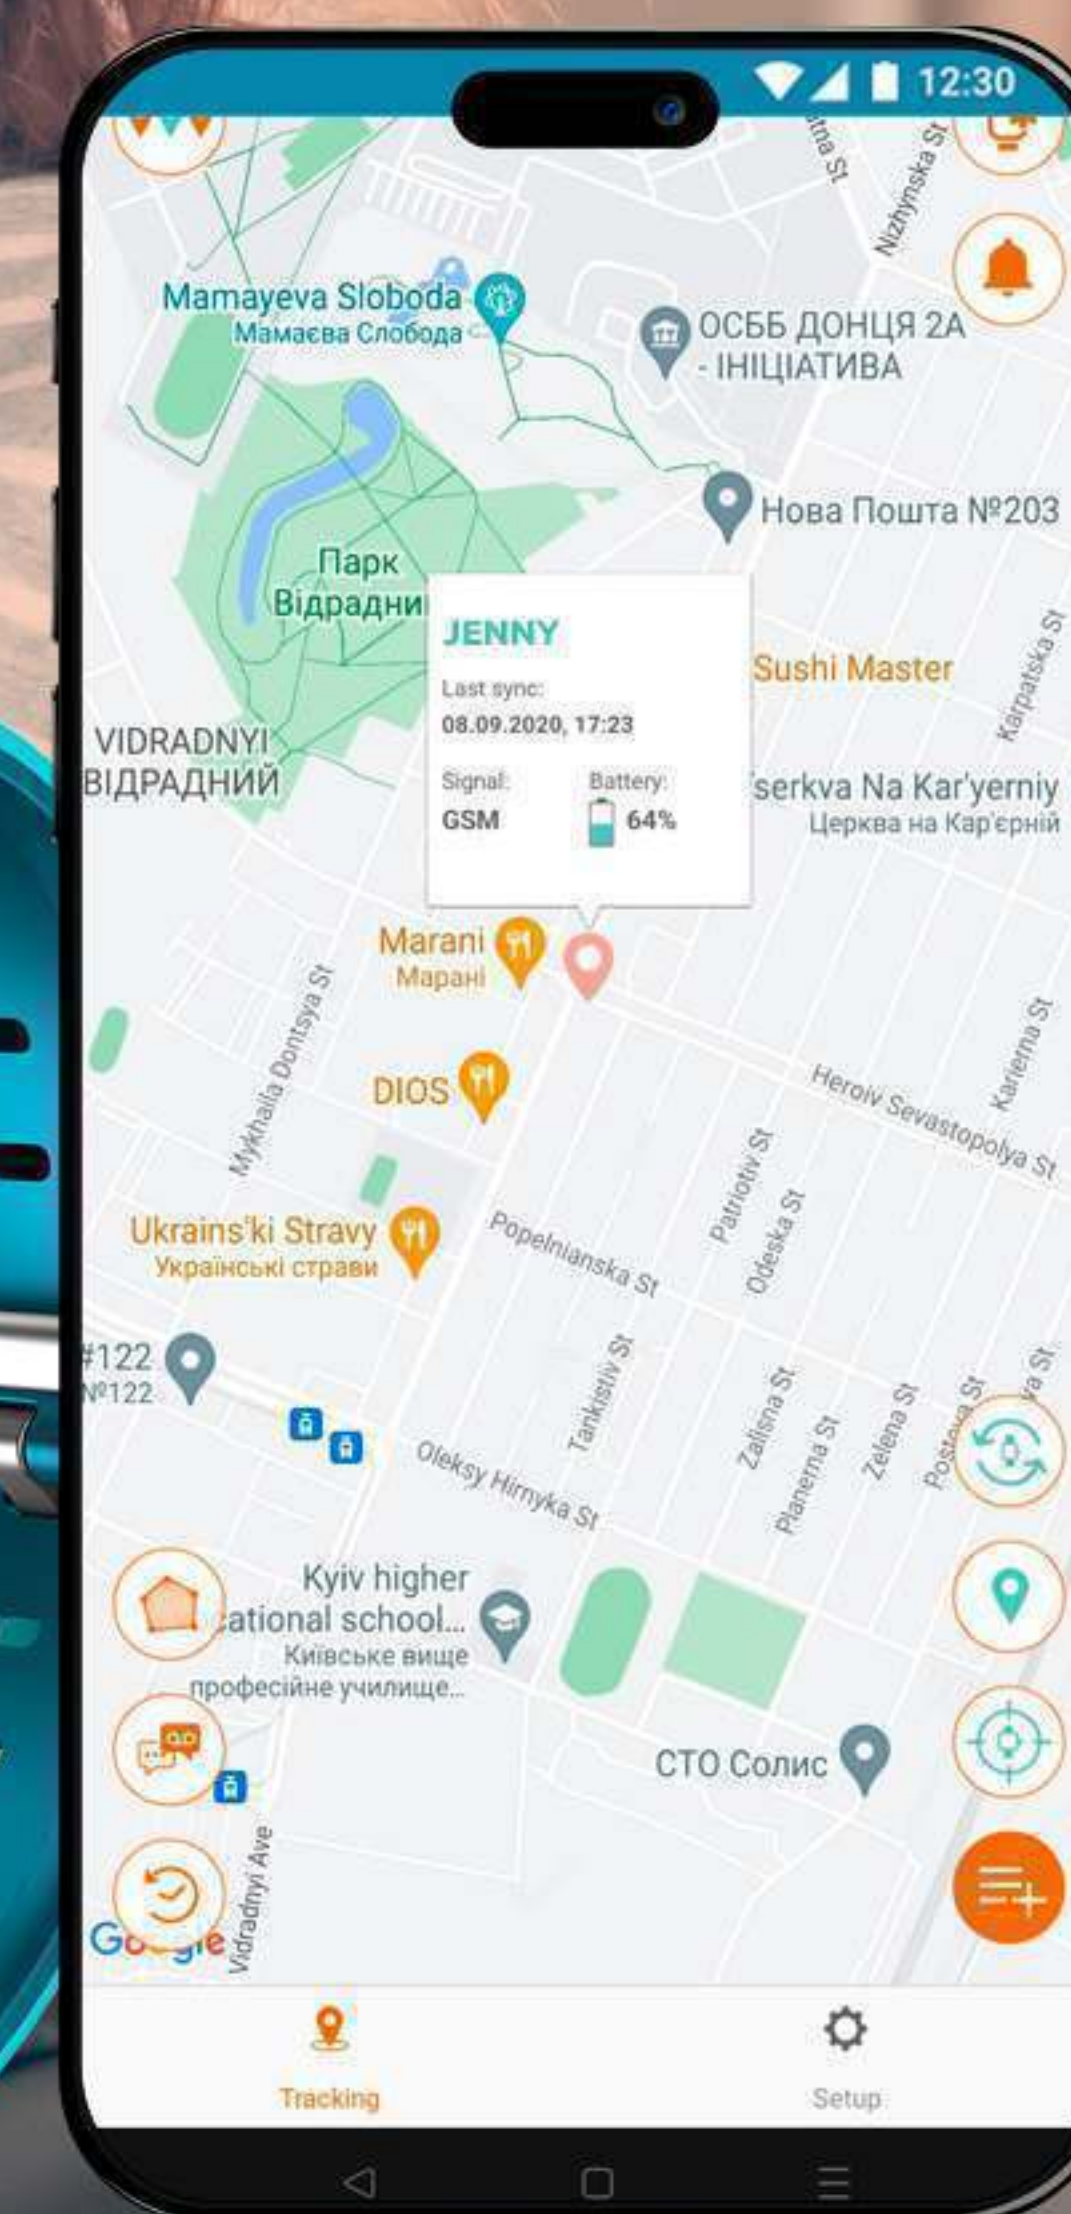

VoLTE support

	CNE-KW44GB	green	5291485009342
	CNE-KW44PP	pink	5291485009335

KEEP IN TOUCH

This device supports the 4G network and VoLTE. It can call and receive calls, short messages. All that in a compact form factor suitable for a child's wrist!

A smiling woman with dark, wavy hair is talking to a young girl with a ponytail. The girl is wearing a purple backpack and holding a notepad and a pen. They are outdoors, with a blurred background of a city street. The image has a warm, orange-toned overlay. On the left side, there are several yellow geometric shapes: a small parallelogram at the top, a larger parallelogram below it, a large parallelogram further down, and a small parallelogram at the bottom.

PERFECT SOLUTION FOR CHILD'S SAFETY

Keep the worries away. With the GPS module on board, you can track the device's location via the Canyon Life app. There's an SOS button to call for help.

YOUR KID WILL LOVE IT!

We added seven pre-installed games,
an audio player for music and
audiobooks, and a photo album to
store photos from the camera.

BRIGHT AND COLORFUL CHILD-FRIENDLY

Child-friendly design is bright and welcoming. The device covers most of the little users' needs without being cramped.

Basic necessities are at your disposal:
alarm, pedometer and stopwatch.
