Safety information

Please read the safety instructions carefully before using the product for the first time and keep the instructions for future reference.

- 1.This product is not a toy. Keep it out of reach of children.
- 2.Warning: This product includes lithium ion batteries.
- 3.Keep product out of the reach of children and pets to avoid chewing and swallowing.
- 4.Product operating and storage temperature is from 0 degree Celsius to 40 degree Celsius. Under and over this temperature might affect the function.
- 5.Never open the product. Touching the inside electric can cause electric shock. Repairs or service should only be performed by qualified personnel.
- 6.Do not expose to heat, water, moisture, direct sunlight!
- 7.Please protect your ears against loud volume. Loud volume can damage your ears and risk in hearing loss.
- 8.Bluetooth wireless technology operates within a range of about 10 m (30 feet). The maximum communication distance may vary depending on the presence of obstacles (people, metal objects, walls, etc.) or the electromagnetic environment.
- 9.Microwaves emitting from a Bluetooth device may affect the operation of electronic medical devices.
- 10.The unit is not waterproof. If water or foreign objects enter the unit, it may result in fire or electric shock. If water or a foreign object enters the unit, stop use immediately.
- 11.Only charge with supplied USB cable.
- 12.Do not use non original accessories together with the product as this can make the product functionality abnormal.

ENG 1

Power supply

- 1.Check that the unit is switched off.
 - 2.Insert the small end of the micro USB cable (included) into the micro USB charging port (5) on the back of the unit.
 - 3.Connect the other end of the micro USB cable into the USB port of your powered computer or USB type power adapter and connect it to a wall socket. The LED near the micro USB charging port lights up in red when the device is charging.
 - 4.Once charging is completed, the LED light will turn off.
- Note: Please note that the micro USB cable can only be used for battery charging and not for data transfer.

ENG 2

To turn the speaker on/off, Press and hold down button 4 on the top of the speaker. A signal will sound. To adjust the volume, press button 2 to decrease the volume and press button 3 to increase the volume.

MODES

The speaker offers various modes: Bluetooth, USB, and Micro SD/ TF / card (up to 32GB).
- To switch mode, double-click on button 4.

NAVIGATE BETWEEN AUDIO TRACKS

- To pause playback, press button 1. To resume playback, press button 1 once again.
- To play the next track, press and hold down button 3.
- To play the previous track, press and hold down button 2.

BLUETOOTH PAIRING

- 1.Activate the Bluetooth function on the speaker and your audio player (smartphone, tablet...) and make sure it is in discoverable mode.
- 2.Confirm pairing or select the Bluetooth name "BTL-350" to connect your player to the speaker.
- 3.You can play an audio or a video file. The speaker will emit a sound after it has connected successfully.
- 4.To stop the connection with the speaker, press another mode on the top panel or a button on your audio player. Once the connection has been stopped, the LED indicator will flash.

ENG 3

CONNECT 2 SPEAKERS IN STEREO:

You can connect two A and B BTL-350 speakers together to enjoy stereo sound (available only in Bluetooth mode):

- 1.Delete BTL-350 from your audio player' s Bluetooth history.
- 2.Enter Bluetooth mode on the 2 speakers simultaneously. Press **button 1** on one of the speakers twice in a row to enter stereo mode.
- 3.Once the pairing is successful between the two speakers, an audible signal will sound.
- 4.Then connect your audio player (smartphone, tablet, etc.) to one of the two speakers.

LIGHT EFFECTS

Press and hold down button 1 for 5 seconds to turn the light effects on/off. To switch animation, press button 4.

CAUTION: Too high volume can damage your hearing. For this reason, please turn the volume down.

SPECIFICATIONS:

Transmission distance	10M
Battery Lithium battery	3.7V,2400mAh
Play time	4-5H
Speaker output	5W @40mm
Bluetooth Frequency range	2402-2480MHz
Transmission power	6.75dBm
Material	ABS
Size	128*128*63MM

ENG 4

Please notice - All products are subject to change without any notice. We take reservations for errors and omissions in the manual.

ALL RIGHTS RESERVED
COPYRIGHT DENVER ELECTRONICS A/S

denver.eu

Electric and electronic equipment and included batteries contains materials, components and substances that can be hazardous to your health and the environment, if the waste material (discarded electric and electronic equipment and batteries) is not handled correctly.

Electric and electronic equipment and batteries is marked with the crossed out trash can symbol, seen above. This symbol signifies that electric and electronic equipment and batteries should not be disposed of with other household waste, but should be disposed of separately.

ENG 5

All cities have established collection points, where electric and electronic equipment and batteries can either be submitted free of charge at recycling stations and other collection sites, or be collected from the households. Additional information is available at the technical department of your city.

As the end user it is important that you submit your used batteries to the appropriate and designated facility. In this manner you make sure that the batteries are recycled in accordance with legislature and will not harm the environment.

Hereby, Inter Sales A/S declares that the radio equipment type BTL-350 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: www.denver-electronics.com and then click the search ICON on topline of website. Write model number: BTL-350. Now enter product page, and RED directive is found under downloads/other downloads. Operating Frequency Range: 2402-2480MHz
Max Output Power: 5W
