ENG-2

Scope of Supply

- Speaker x 1
- Wood Shelf x 1
- Remote Control x 1
- Type-C charging cable x 1
- User manual x 1

Technical Data

Bluetooth version: V5.3
Rated input: 5V-1A
Speaker: 5W*1
Speaker Battery: 1200mAh (rechargeable)
Frequency range: 70Hz-18 KHz
Bluetooth working distance: Up to 10 meters

Product Overview

ENG-3

ENG-3

Speaker Buttons:

- 1.Power ON&OFF/Play/Pause/TWS
- 2.USB-C charging port
- 3.LED Lighting mode
- 4.Remote Control

Powering On/Off

To turn the unit on and off, long press the ON/OFF button.

Charging the Battery

Please use the Type-C cable provided for charging. Plug the Type-C end into the Type-C port of the unit and the other end into the USB port of a PC, wall charger, or other 5 V chargers.

Bluetooth Operation

If you have used Bluetooth connection before, the system will search for the last connected device. When the device is found, the system will reconnect automatically.

Pairing a Bluetooth Device for the First Time

- 1.Turn the unit on. You'll hear an alert tone.
- 2.Turn on your external device. Refer to its user manual for instructions on pairing and connecting Bluetooth devices.
- 3.Using the controls on your Bluetooth device, select "LBS-150" in your Bluetooth settings to pair.
- 4.When successfully paired and connected, the unit will emit an alert tone. After the initial pairing, the

ENG-4

unit will stay paired unless unpaired manually by the user.

Cautions

- 1.Do not use abrasive cleaners to clean this product.
- 2.Keep this product away from fire or heat sources, such as cooking stoves.
- 3.Do not expose this product to direct sunlight for a long time.
- 4.Do not throw this product into the fire to avoid an explosion.
- 5.Never attempt to disassemble or modify this product, as it contains no after-service components.
- 6.Do not use this product in the rain.
- 7.If you do not plan to use this product for a long time, please store it in a dry environment and charge the speaker at least once a month to extend its life and avoid extreme temperatures and dust.

ENG-5

Please notice - All products are subject to change without any notice. We take reservations for errors and omissions in the manual.

ALL RIGHTS RESERVED, COPYRIGHT DENVER A/S

Electric and electronic equipment and included batteries contains materials, components and substances that can be hazardous to your health and the environment, if the waste material (discarded electric and electronic equipment and batteries) is not handled correctly.

Electric and electronic equipment and batteries is marked with the crossed out trash can symbol, seen above. This symbol signifies that electric and electronic equipment and batteries should not be disposed of with other household waste, but should be disposed of separately.

ENG-6

As the end user it is important that you submit your used batteries to the appropriate and designated facility. In this manner you make sure that the batteries are recycled in accordance with legislature and will not harm the environment.

All cities have established collection points, where electric and electronic equipment and batteries can either be submitted free of charge at recycling stations and other collection sites, or be collected from the households. Additional information is available at the technical department of your city.

Hereby, Denver A/S declares that the radio equipment type LBS-150 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: denver.eu and then click the search ICON on topline of website. Write model number: LBS-150. Now enter product page, and RED directive is found under downloads/other downloads. Operating Frequency Range: 2.402-2.480 GHz
Max Output Power: 50W/5W RMS
