

# EDU 11 USB

## Single-sided USB headset

For K-12 and Elementary students who need an extremely lightweight headset that allows them to be aware of their immediate surroundings, the EDU 11 USB is the perfect headset choice. The single-sided design delivers high quality audio to one ear, while leaving the other free, so students can be sure what is going on around them. The same single-sided format also ensures that the headset is comfortable and extremely light weight.

The USB connector makes connecting the headset to other devices simple and fast, and a unidirectional noise-cancelling microphone minimizes background noise so teachers can hear students clearly. Durable design, meanwhile, means the EDU 11 USB is built to last.

## Key benefits & features

### Single-sided USB headset

The single-sided design delivers quality audio to one ear, while leaving the other free so students can stay aware of their immediate surroundings.

### Plug-and-play simplicity

A USB connection lets students use the headset with a variety of devices quickly and easily, meaning students and teachers can get started with lessons straight away.

### Noise-cancelling microphone

Featuring a unidirectional noise-canceling microphone, the EDU 11 USB single-sided headset cuts out background noise while speaking.

### Lightweight and comfortable

Careful selection of materials and thoughtful design with an adjustable headband means it remains comfortable throughout the day.

### Designed to last

Manufactured to withstand daily use and comes with the EPOS two-year warranty.

## Product data

### General

|                      |                        |
|----------------------|------------------------|
| Ear coupling         | On-ear                 |
| Transducer principle | Dynamic, open          |
| Connectivity         | Wired, USB Sound Card  |
| Cable length         | 2 m                    |
| Compatibility        | PC & Mac®              |
| Warranty             | 2 years, international |

### Headphones

|                      |                           |
|----------------------|---------------------------|
| Frequency response   | 42-17,000 Hz              |
| Impedance            | 32 Ω                      |
| Sound pressure level | 95 dB SPL @ 1 kHz, 1V RMS |

### Microphone

|                    |                |
|--------------------|----------------|
| Frequency response | 90 – 15,000 Hz |
| Pick-up pattern    | Unidirectional |
| Sensitivity        | -40 dBV/Pa     |
| Impedance          | 2,200          |

### Packaging

|                                                       |                                                     |
|-------------------------------------------------------|-----------------------------------------------------|
| Quantity                                              | 10 headsets included (bulk)                         |
| Dimension of product packaging (W x H x D)            | 175 x 50 x 165 mm                                   |
| Package weight (incl. complete product and packaging) | 84 g                                                |
| Dimension of master carton (W x H x D)                | 550 x 360 x 342 mm                                  |
| Units in distributor master carton                    | 60                                                  |
| Languages                                             | English, German, French, Spanish, Russian, Japanese |
