Keep your workspace organized and protect what matters most with the LR-01/W A4 laminator. This modern, compact device is designed for home, office, and school use, allowing you to easily preserve documents, photos, and materials you want to keep for years to come. The LR-01/W model offers two laminating modes – hot and cold, so you can easily adjust the process to the type of film and document. Operating at a speed of 320 mm per minute, it ensures fast, smooth, and bubble-free results every time. The laminator supports formats up to A4, making it perfect for both large documents and smaller items such as photos or notes. The set includes 20 starter pouches (A4, A5, and A6), so you can start laminating right out of the box.
