For more functions, please enter "<http://www.havit.hk/downloads/>" to download the driver.

Troubleshooting steps
1.Insert the USB cable into another USB port of the computer.
2.If you were using a USB hub, try to connect the mouse directly with your computer.
3.It would be better to plug it into USB ports locating on the back of the chassis instead of those on the front
4.Check USB hub for foreign objects or dust
5.Unplug and reinsert the USB connector
6.Restart the computer.
