

AXIS TQ1601-E Conduit Back Box

Aluminum conduit back box for increased mounting possibilities

AXIS TQ1601-E Conduit Back Box is an aluminum mount with a coating that alleviates corrosion. Its design with long screws and a washer helps dissipate vibrations, and the top/bottom and side conduit entries make installation easier. When used together with AXIS T94Q01A Wall Mount, the Ethernet cable can be routed through or along the wall (from left or right). The side and top/bottom-holes are compatible with 3/4" conduits, M25 cable protection products and with AXIS Conduit Interface (ACI) adapter range (NPS/U-shape). AXIS TQ1601-E can also be used to cover a single gang junction box.

- > **Aluminum**
- > **Coating in corrosion resilient material**
- > **Designed to dissipate vibrations**
- > **Conduit entries for ease of installation**
- > **Compatible with AXIS ACI Adapters 3/4"**

AXIS TQ1601-E Conduit Back Box

General		Dimensions	130 x 158 x 50 mm (5.1 x 6.2 x 1.9 in)
Supported products	AXIS T94Q01A Wall Mount	Sustainability	PVC free
	AXIS T92E Series	Approvals	Environment
	AXIS T93F Series		IEC/EN 60529 IP66/IP67, NEMA 250 Type 4X ^a
	AXIS P13-E	Impact	IEC/EN 62262 IK10
	AXIS Q16-E		
	AXIS T92G20 Outdoor Housing	Included accessories	Installation Guide, 4x stainless steel screws (TX20)
	AXIS T91E61 Wall Mount	Required accessories	Torx 30 Bit (required)
Maximum load	8 kg (17.6 lb)	Warranty	3-year warranty, see axis.com/warranty
Cable routing	Back: cable hole	a. Corrosion protected only	
	Sides: Conduit hole M25 (3/4 in)		
	Bottom: Conduit hole M25 (3/4 in)	Environmental responsibility:	
Environment	Indoor/outdoor	axis.com/environmental-responsibility	
Material	Powder-coated aluminum		
	Color: white NCS S 1002-B		
	Stainless steel screws		
Weight	540 g(1.19 lb)
