Era ITX

Small footprint. Big impact.

Era is a unique and elegantly understated feat of both design and technical engineering—a compact chassis free from the excessive restrictions traditionally associated with small form factor systems.

Wrapped in aluminum and offering a variety of top inserts ranging from premium wood to tempered glass, Era blends into any environment. Despite a modest 16 liter footprint, it readily accommodates dual slot GPUs, AIO water cooling units up to 240 mm, high-end processors, and up to four storage devices.

Compact, sophisticated and stylish, Era redefines the small form factor for those looking to make a design statement without sacrificing the power and functionality of professional grade hardware.

Key features

- Compact, uniquely designed aluminum exterior available in five colors
- Versatile interior supporting professional grade hardware
- Stylish top panel designed to match the color of your case.
- Additional steel mesh top panel included for higher airflow
- Small, flexible, and space efficient with volume just over 16 liters
- Supports Dual Slot graphics cards up to 295 mm in length
- Excellent water cooling support via removable radiator bracket allowing 240 mm or dual 120 mm radiators
- Two storage brackets, each capable of mounting a single 3.5" HDD or two 2.5" SSDs
- Efficient chimney design optimizes airflow across five total fan positions
- Pre-installed 80 mm Fractal Design SSR3 fan exhausts heat silently and effectively
- Install SFX or ATX PSUs up to 200 mm in length with innovative adjustable brackets that maximize flexibility
- Magnetic top panel and tool-less latching side panels allow easy access
- Easy-to-clean, high airflow nylon filters on the top, sides and base
- USB 3.1 Gen 2 Type-C with support for fast charging and speeds up to 10Gbps

General specifications

3.5" drive support	• SFX PSU: 2 HDDs or 1 HDD + 2 SSDs • ATX PSU: 1 HDD
2.5" drive support	• SFX PSU: 4 SSDs or 2 SSDs + 1 HDD • ATX PSU: 2 SSDs
5.25" drive support	• -
Expansion slots	• 2
Motherboard compatibility	• ITX
Power supply type	• ATX, SFX-L, SFX
Front ports	• 1 x USB 3.1 Gen 2 Type-C, 2 x USB 3.0, 3.5 mm CTIA combined audio/mic
Total fan mounts	• 5
Front fan	• -
Top fan	• 2 x 120 mm
Rear fan	• 1 x 80 mm (1 x SSR3 80mm included)
Bottom fan	• 2 x 140 mm (without 2-slot GPU)
Dust filters	• Bottom intake • Side intakes • Top exhaust
Front radiator	• -
Top radiator	• 120/240 mm or 2 x 120 mm (max 125 mm width, 67 mm thickness w/ fans, dependent on PSU position/type)
Rear radiator	• -
Bottom radiator	• -

General specifications

PSU max length	• 200 mm
GPU max length	• 295 mm (210/190 mm with low-mounted SFX/ATX PSU)
GPU max width	• 125 mm
GPU max thickness	• 47 mm
CPU cooler max height	• 120 mm (70 mm recommended with side-mounted 3.5" HDD)
Fixed Velcro straps	• Yes
Tool-less push-to-lock	• Both side panels
Captive thumbscrews	• No
Case material	• Aluminum panels, steel frame
Case dimensions (L x W x H)	• 325 x 166 x 310 mm
Case dimensions w/o feet/protrusions/screws	• 325 x 166 x 307 mm
Net weight	• BK/BU/CHP versions: 3.970 kg • GY version: 4.090 kg • SI version: 4.167 kg
Package dimensions (L x W x H)	• 385 x 240 x 420 mm
Gross weight	• BK/BU/CHP versions: 4.930 kg • GY version: 5.050 kg • SI version: 5.127 kg

Package contents

- Era ITX computer case
- Top insert
- Black mesh top insert
- User manual
- Large accessory box
- Small accessory box
