EAN-13: 0766623461795 | UPC: 766623461795

Tripod TV Stand - an elegant look with a portable design to mount and move your TV everywhere

The Portable Tripod TV Mount Stand from Manhattan gives you the flexibility to mount your display everywhere. Let your movies move with you - from your living room to your patio in the summer and back to your fireplace in the winter. As opposed to regular wall mounts or tabletop stands, this one even allows for placement in a corner - maximum versatility for apartments, conference rooms and more.

Style and Strength

A high-quality aluminum-steel construction universally fits 45" to 65" TVs with VESA mount patterns up to 600x400 and is strength-tested to support loads up to 32 kg (70.4 lbs.). Optimize your view with 360° swivel and adjust its height along the 600 mm (24 in.) mounting pole. Its elegant and strong walnut wood legs complement both your TV and decor like you've added a painting on an easel to the room.

Clever cable management

To organize your TV's HDMI, Ethernet and power cables, this mount lets you run them through the included attachable clips on the back leg of the stand. This smart cable management helps create a cleaner look and reduces potential trip hazards.

Non-slip rubber feet

The bottom of every tripod leg is lined with protective rubber pads to keep it in place, prevent scratches on your floor and dampen any sound when you move it to another room.

Advanced safety option with pets and kids in mind

If you don't move the tripod stand constantly but have kids or pets running around, you can make it tip-proof with the included safety kit. Simply attach the wires from the back of your TV to two metal pieces you can drill to the wall.

Features:

- Free-standing mount for one 45" to 65" TV up to 32 kg (70.4 lbs.)
- Up to +/- 180° swivel and height-adjustable along the 600 mm (24 in.) pole for optimized views
- Portable high-quality aluminum-steel construction to move your display between rooms
- Strong, elegant walnut-wood legs to complement your TV and decor
- Rubber feet to prevent slipping, protect your floor from scratches and keep movement quiet
- Cable management with attachable clips on back leg for a clean and organized look
- Includes optional tip-proof safety wires that affix to a wall to prevent childrens' or pets' mishaps and other accidents
- Meets VESA standards: 200x200, 300x200, 300x300, 400x200, 400x300, 400x400, 600x400
- Lifetime warranty
