Brand : Microconnect

Product code: MPK302B

Product name : MPK302B

RJ45 - 2x RJ45

Microconnect MPK302B network splitter Black:

The MicroConnect MPK302B RJ45 Ethernet Y-Adapter allows you to split a single RJ45 Ethernet connection into two, offering a convenient solution for temporary network access. While it physically splits the connection, please note that it does not enable simultaneous use of both ports with independent IP addresses. This adapter is ideal for situations where you need to temporarily connect two devices to a single Ethernet port, one at a time. Benefit from MicroConnect's 20+ years of expertise in providing reliable networking solutions. This adapter offers a practical and cost-effective way to manage your network connections, reflecting our commitment to quality and innovation in connectivity. A simple solution where running additional cables is not feasible or practical.
