CAT6 U/UTP SLIM Network Cable 1.5m, Grey

Microconnect V-UTP6015-SLIM networking cable:

CAT6 slim cables are perfect for installations where you need to save space in IT Racks and Cabinets. They are thinner and very flexible, which provides the installer with better accessibility and quick and easy switching. Furthermore, it improves the Air-Flow, and thereby reduces the risk of down-time. These cables are tested up to 250MHz (CAT6 standard) and are backwards compatible with CAT5e and CAT5 cables. Each cable is manufactured with a snagless design to prevent the connector from being damaged when you install the cable through an installation with very little space.
