

Vogel's PLA 9302

Brand : Vogel's

Product code: 7193020

Product name : PLA 9302

PLA 9302 3D adjustable wall mount for PLB 31xx

[Vogel's PLA 9302:](#)

The 3D adjustable wall bracket allows perfect alignment of the dvLED interface bar (PLB 31xx) on which the dvLED panels are installed.

Any unevenness in the wall can thereby be smoothed out, this allows for seamless installation of a dvLED wall. The adjustable depth of the wall mount is an impressive 40 mm. The PLA 9302 has precision height adjustment to allow horizontal alignment of each dvLED interface bar following installation. This precision adjustment totals 10mm.

Adjustable wall mounts are used in combination with interface bars, in 4 different sizes; PLB 3111, PLB 3120, PLB 3127 and PLB 3133.

This product is a must-have for installations where the wall is not completely straight or if the dvLED video installation is recessed.

Vogel's PLA 9302. Type: Fixed, Product colour: Black. Mounting type: Wall
