Tetra Force Strong Guard - iPhone 16

Cellularline Tetra Force Strong Guard - iPhone 16 Ultra-protective, anti-shock flexible case with integrated Microban® antibacterial technology:

TETRA FORCE STRONG GUARD is the ultra-protective flexible case with a raised edge and reinforced corners, made from technologically advanced materials that absorb and disperse the shocks caused by falls. IDS (Impact Dissipating System)™ technology, developed by Cellularline, uses innovative Versaflex™ material which dissipates the energy created by the impact, preventing possible damage to the external and internal components of the smartphone. It is made with Microban® antibacterial technology, which eliminates up to 99.9% of bacterial growth on the case's surface and is constantly active because it is integrated into the Tetra Force Strong Guard material. Tetra Force Strong Guard has a lifetime guarantee: learn more by visiting Cellularline's Guaranteed For Life section
