

ICY BOX IB-MPS4200W-PD

In-wall power socket set with integrated USB PD charger

Key features

- Two separately usable in-wall power sockets with USB charging function
- One USB Type-A port with 5 V / 3 A charging power
- One USB Type-C® port with USB Power Delivery (18 W)
- Integrated child protection
- Flexibility through separate cover frames (2x single, 1x double)
- Low no-load losses

Packing content

2x IB-MPS4200W-PD, 2x cover frame single, 1x cover frame double, 1x safety data sheet

Safe for surface- and flush-mounting

The IB-MPS4200W-PD is a double socket set with two mounting frames, for installation in standard flush-mounted sockets or surface-mounted frames. With one USB Type-A (5 V / 3 A) and one 18 W Power Delivery-capable USB Type-C® port, it offers extensive connection options for charging devices without occupying a socket with a charger. Idle power losses are reduced to a minimum. Thanks to a wide range of safety features, the product has received certification from TÜV Rheinland.

Technical data

Model	IB-MPS4200W-PD
Article no.	60947
EAN code	4250078172758
Brand	ICY BOX
Colour	White
Material	Plastic
Number of power outlets	2x 1

Integrated charger	Yes
USB Typ A Ports	1
USB Typ C Ports	1
Power Delivery	Yes
USB Type A Power	5 V / 3 A
USB Type C Power	5 V / 3 A, 9 V / 2 A, 12 V / 1.5 A, max. 18 W

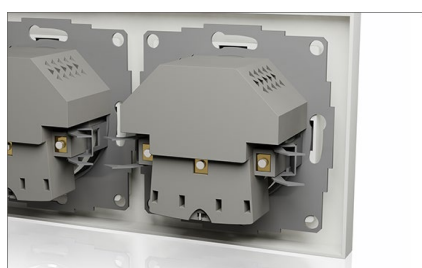

ICY BOX **IB-MPS4200W-PD**

In-wall power socket set with integrated USB PD charger

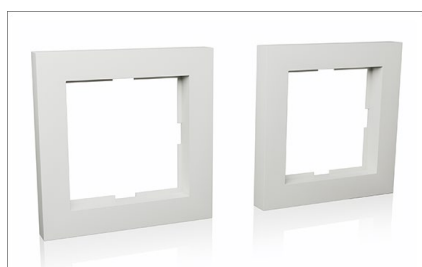

USB Type-A and Type-C® with Power Delivery

The built-in socket set has a USB Type-C® Power Delivery port that delivers 18 W of charging power. The USB Type-A port delivers 5 V / 3 A. This means that IB-MPS4200W-PD offers excellent options for charging your end devices without taking up the space of a socket for a charger.

Security with label

IB-MPS4200W-PD is equipped with overcurrent protection features to protect the unit from overheating. The low no-load losses also contribute to this. Furthermore, a mechanical child safety mechanism is built in. The internationally active TÜV Rheinland has extensively verified IB-MPS4200W-PD.

The perfect 4-in-1 solution

Thanks to the mounting frames supplied, IB-MPS4200W-PD offers the option of being used in a double configuration or as two individual socket elements. This allows users to apply the practical functions of the socket set in different areas of application.
