WMF Fusiontec Rectangular Ceramic, Steel, Wood Casserole baking dish:

Fusiontec is Made in Germany par excellence. The unique firing and hardening process fuses a series of ceramic layers onto a steel core, creating a resilient material with a non-porous sealed surface. This combination makes the first-class utilisation properties of Fusiontec cookware and frying pans stand out: Their smooth surface is cut and abrasion-resistant, perfectly suitable for low-fat cooking and easy to clean. The extremely low-maintenance and nearly indestructible material is also visually attractive. It looks elegant, trendy and modern. In other words, as excellent as it really is.
