

InLine Multifunction battery tester, measuring device with LCD display

Brand : InLine

Product code: 01285T

Product name : InLine Multifunction battery tester, measuring device with LCD display

- Precise determination of the battery and rechargeable battery status
- LCD display with 18-bar capacity indicator
- Compatible with over 12 battery types
- Compact design for mobile use
- Easy handling, no external power source required

InLine Multifunction battery tester, measuring device with LCD display

InLine Multifunction battery tester, measuring device with LCD display:

The InLine® multifunction battery tester is an indispensable measuring tool for various professional applications. With the practical LCD display and the three-stage condition rating (low, normal, good), batteries can be tested quickly and reliably. The device supports a wide range of common battery types, including **AAA, AA, C, D, 9V, Lady N (LR1), CR123A, CR2, CR-V3, 2CR5, CR-P2 and button cells**. Thanks to its compact design, the battery tester is suitable for mobile use in workshops, technical departments or retail outlets. The simple operation enables quick tests without an additional external power supply. Only one AAA micro battery is required for operation (not included).

Features		Weight & dimensions	
Product colour	Black	Weight	148 g
