

InLine® KVM Desktop Switch 2 Port HDMI USB 3.0 Hub mit Audio

* Preise inkl. gesetzlicher MwSt. zzgl. Versandkosten

Marke: INL

Bestell-Nr.: 62622I

This Device is a 2-Port Smart Touch USB KVM Switch that users can access, control, boot, and reboot their computers with a single set of keyboard, mouse, and HDMI monitor display. It features the latest Smart Touch button for quick switch and two USB 3.0 device ports for fast data transfer between KVM and USB devices. Compare with USB 2.0, USB 3.0 is 10 times faster in transfer rate, which can satisfy modern data transfer with rich media and large digital files. Besides, it supports TTU (True Transparent USB) Emulation Technology which is capable of a complete versatility in dealing with the functional requirements of all types of advanced keyboards and mice.

- Digital resolution support up to full 1080p
- 2 x USB 3.0 device hub ports for high-speed USB device sharing
- Two channel stereo sound for theater audio experience
- True Transparent USB emulation technology for all types of keyboards and mice
