

TP-Link RPS150 power adapter/inverter Indoor 150 W Black

Brand : TP-Link
Product code: RPS150
Product name : RPS150

150W Redundant Power Supply

TP-Link RPS150 power adapter/inverter Indoor 150 W Black:

The TP-LINK Redundant Power Supply (RPS) RPS150 is designed to maximize availability for business networks. RPS150 is used as a redundant power supply for TP-LINK RPS capable L2 and L3 Managed switches. When working with these switches, RPS150 provides a quick failover feature to ensure that the connected switches can work uninterrupted in the event of an internal power supply failure. Without any necessary configuration, RPS150 can be easily installed as an independent power supply unit, or placed inside RPS2 chassis which is designed to accommodate two RPS150s for rack-mounted installation. Overall, the system integration between TP-LINK's managed switches and RPS devices provides a resilient and highly accessible converged network at an affordable price.

TP-Link RPS150. Purpose: Network switch, Power supply type: Indoor, Input voltage: 100-240 V. Product colour: Black

Features		Features	
Purpose *	Network switch	Output voltage *	12 V
Power supply type *	Indoor	Output current	12.5 A
Power current type	AC-to-DC	Power protection features	Over current, Over voltage, Short circuit, Under voltage
Input voltage *	100-240 V	Compatibility	TP-LINK RPS
Input frequency *	50/60 Hz	Design	
Output power *	150 W	Product colour *	Black
		LED indicators	✓
