

Hama Vario 62 mm

Brand : Hama
Product code: 00079162
Product name : Vario

Vario Neutral-Density Filter, ND2-400, 62mm, Black

Hama Vario 62 mm:

- Variable neutral-density filter ND2-400;
- To reduce light in case that it is too bright;
- With rotating front lens;
- Exposure correction between +1 and +8 stop values possible.

One neutral-density filter for several fields of application:

- Allows the photographer to use large apertures while taking pictures outside = background gets hazy
- In case of exposure times longer than 1/30 seconds, water "flows", if they are shorter, it freezes to ice

Consumer Advice:

To avoid vignetting, this filter has a superstructure of the front lens, i.e. the diameter of the front lens is larger than that of the rear lens. Please note that a lens cap with 67 mm is thus required.
Hama Vario. Filter size: 62 mm, Product colour: Black
