Bosch SENIOR 12.5 kg:

SENIOR meets the nutritional requirements of older dogs from the age of 7 or 8 as the energy, protein and mineral content is considerably reduced.

The reduced energy content (just 6 % fat) as well as the simultaneously increased content of fiber (6.5% crude fiber) lower the risk of older dogs gaining weight through the natural process of being less active.

SENIOR is made without wheat and contains our immune complex from mannans and glucans stabilizing the intestinal flora and strengthening the immune system.

- delayed cell aging due to high levels of vitamins and trace elements
