Verbatim Store'N'Go Enclosure Kit HDD/SSD enclosure Black, Blue 2.5":

Turn your old internal HDD or SSD into an external HDD/SSD with one of Verbatim's Enclosure Kits.

Containing everything you need to convert a standard 2.5" internal SATA HDD/SSD (up to 9.5 mm high) into your very own external storage device with a USB 3.2 Gen 1 interface for SuperSpeed data transfer. The enclosure kit design also has an integrated rubber strap, acting as a cable tidy when not in use, as well as an LED indicator which shows when the drive is active.

Easy assembly: simply insert an internal SATA HDD/SSD into the enclosure, no tools or advanced technical knowledge needed.

Please Note: HDD/SSD not included.

* For optimal performance the drive must be connected to a USB 3.2 Gen 1 host controller or higher.
