Bosch Atino Line level 2 m 630-650 nm:

Stop waiting for assistance - easy and flexible alignment of favourite objects in a flash

Hanging objects without further help has become easy. The Atino combines all relevant functionalities of a line laser and features an integrated 1.5-m measuring tape. The innovative gel pad can be fixed on smooth and insensitive surfaces, such as tiles and marble. When it comes to rough surfaces or wallpaper, the pin plate with the two small pins is the ideal attachment solution. It can be used for a wide range of jobs: whether aligning or hanging pictures or shelves, fixing hooks or handles, or arranging objects – the Atino is all that’s needed. It enables vertical or horizontal levelling via intuitive LED indication, and offers an accuracy of the visible laser line of +/-0.3°.
