Black 0.5 m U/FTP CAT6A LSZH Slimline patch cable with RJ45 connectors 90° angled up to 90° angled up

ACT DA6900 networking cable Black 0.5 m Cat6a U/FTP (STP):

CAT6A U/FTP slimline datacenter patch cables are smaller in diameter (3.8mm vs 5.9mm) than regular CAT6A patch cords. The bend radius is smaller compared to standard patch cords. This results in better airflow in the server rack or network cabinet.

The patch cable has two 90° angled up RJ45 connectors. Ideal for situations where space is limited without compromising the bend radius. For example in network cabinets and behind equipment.

Also available with a straight, 90° angled down, left or right RJ45 connector.

The use of a LSZH (Low Smoke Zero Halogen) cable jacket reduces the risk of high concentrations of toxic gases if the cable is damaged by fire or short circuit.

The ACT U/FTP patch cable has full copper 32AWG wires and 50μ gold-plated RJ45 contacts and complies with international standards.
