Nebit - TWS Translator

Cellularline Nebit - TWS Translator NEBIT TWS earbuds with real-time translation functionality. Elegant and intelligent, designed to break language barriers and support instant communication and transcription.:

NEBIT is much more than a pair of TWS earbuds: it is a true personal voice assistant designed to transform the way people communicate. Thanks to advanced real-time translation features, NEBIT enables understanding and conversation in over 100 languages, instantly removing language barriers. Multiple usage modes are supported — earbuds with smartphone, dual-earbud mode, and instant transcription — making it ideal for travel, work, and study. Photo translation and AI-generated smart summaries complete an advanced ecosystem, while the open-ear design ensures comfort, safety, and constant awareness of the surrounding environment.
