Frysex FHC42EAW BK070

Gorenje Frysex FHC42EAW BK070:

Flexible baskets

Flexible wire baskets will help you organize your frozen food so nothing gets forgotten or wasted.

Hidden condenser

With the condenser unit innovatively installed between the appliance wall and the insulation foam, the chest freezer can be placed much closer to the wall behind it. More importantly, this prevents condensation, makes cleaning much easier and ensures quieter operation.

BigVolume

Gorenje chest freezers with bigger volume offer the ideal solution for storing more frozen food. More space means easier organization, a better overview of your stock, and reduced food waste — supporting smarter, more efficient storage.

ElectronicControl

Electronic control allows easy adjustment and constant control of the temperature, regardless of external influences.
