Dimmer Switch (latest model)

Hue

- Wireless installation
- Battery powered
- Easy access to light scenes
- Use as a remote control

8719514274617

Easy smart lighting

Dim or brighten the room, toggle light scenes or get the best light based on the time of day. The Hue dimmer switch attaches to walls or magnetic surfaces, but can also be used as a remote control anywhere in your home.

Limitless possibilities

- Control lights instantly
- Easy, wireless installation
- Set scenes with the touch of a button
- Unlock customised controls

Issue date: 2026-03-07 Version: 0.687

Highlights

Control lights instantly

Get instant control over your Philips Hue smart lights with the Hue dimmer switch. With the touch of a button, your entire household can instantly dim or brighten the room, turn lights on and off, or set light scenes.

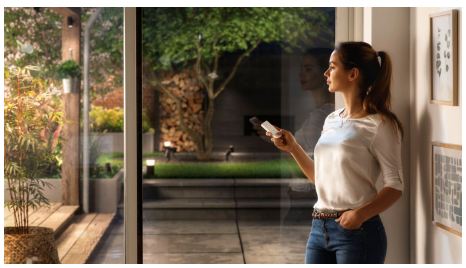
Easy, wireless installation

The battery-powered, wireless design of the Hue dimmer switch lets you mount it anywhere with the included adhesive tape. Remove the switch from its wall plate and use it as a remote control or attach it to any magnetic surface.

Set scenes with the touch of a button

Switch between the four preset light recipes, Read, Relax, Energise and Concentrate, by pressing the Hue button. Pair with a Hue Bridge to customise the switch by adding your favourite light scenes or setting the perfect light based on the time of day.

Unlock customised controls



Pair the Hue dimmer switch with a Hue Bridge to control any lights, rooms or zones in your home – no matter where the switch is located – and customise the switch however you like.
