BABY born Trike Doll bike set:

Watch out, here comes BABY born! On her new trike, she races Teddy and Eva to beat them all. Thanks to the functional wheels, BABY born rides just like on a real tricycle. With the horn in the shape of Berta the duck, she makes sure that nobody gets in her way. The pedal straps and safety belt ensure a safe ride. To prevent BABY born from simply driving off, there is a detachable 45cm long handlebar that can be attached to the trike. This means that BABY born can also be taken for walks on her tricycle and pushed if her legs get too heavy. In the child-friendly animated series, BABY born Emma sets off on an adventure with Eva and Teddy on the trike and chases a shooting star. Take a look at YouTube and Toggolino if you want to experience exciting adventures with her.
