Siku Gift set race:

Speed is trumps – at least with the new “Race” gift set from siku, because the trio of Mercedes-AMG GT4, Audi RS 5 Racing, and BMW M4 Racing provides motor racing fans with a real sense of speed exhilaration! The three vehicles come from different racing series and, like the originals, each has a large rear spoiler, which is mandatory for racing vehicles. For siku too, sport rims with rubber tyres also naturally form part of the standard equipment of each and every speedster. And also in terms of design, the three toy models are right up there with their full-size prototypes: The Mercedes comes in original AMG special paintwork in matt grey with orange details. The Audi shines in its well-known RS red, and the BMW impresses in tasteful matt black with typical M racing stripes. To send the three racing vehicles out onto the tarmac in the right manner, the set also includes six orange/white cones which can be used to mark out the race track.
