

PIZZA OVEN Alfredo

- **Perfect pizza in record time:** Prepare authentic pizza in just about 2 minutes, thanks to the heating power of up to 450 °C generated by this electric pizza oven.
- **Safe and convenient:** Equipped with a double glazed door, cool touch handle and heat insulated stainless steel housing, the oven ensures safe handling and efficient energy use completely without gas
- **Precise control and versatility:** The digital rotary control and the touch control display allow an effortless and individual control of top and bottom heat. Choose from five automatic programs for different pizza styles, from Napoli to New York style, as well as a program you can customize to your own preferences
- **Professional results:** Made of cordierite, the removable pizza stone ensures even heat distribution, baking the pizza perfectly without the need to lip it.
- **Fully equipped:** included in the scope of delivery are a pizza paddle, a pizza stone and an extensive recipe booklet
- **Versatile:** Also suitable for preparing tarte flambée, pita bread, and much more.
